WELCOME TO HINDSGAUL'S WORLD OF MANNEQUINS

As one of the pioneers in designing and making display mannequins, Hindsgaul has with its more than 100 years of experience been an innovative part of the world's visual merchandisers daily task in catching the focus of the audience. All based on Danish design.

Numerous windows and shows are decorated with our mannequins to display dresses, suits, lingerie, jeans, overcoats – almost any imaginable clothing - in the best possible way.

In this brochure, we are very proud of presenting our wide variety of Danish designed in-stock mannequins, as it is today. On the following pages, you can find a mannequin for any purpose and in any shape, from the smallest baby mannequins to the most naturalistic mannequins created for displaying highly fashionable collections – or just being casual. The mannequins are to be used exactly as you want them to be used; it is your styling and positioning that gives the mannequins the right expression for presenting your products.

Together with your ideas and styling, Hindsgaul mannequins is ready to continue being a part of your success – just place your order, all mannequins are in stock.

We wish you a pleasant reading – feel free to be inspired!
