2022 COLLECTIONS

Idolight is a global industry leading company in the realization of projects and solutions in the universe of LED light decorations of urban spaces, commercial areas, buildings, happenings and events.

Idolight's Artistic Direction is proudly Italian: all of the products and projects bound for worldwide locations are conceived and drawn in its Headquarter, based in Reggio Emilia. Here, solutions for urban and commercial light decoration of some of the world's most exclusive locations are created and designed.

The efficiency of the company's presence on the global market, its timeliness focused logistics and the management of customer relations are guaranteed by an integrated structure of commercial, production, storage and distribution branches in Europe, America, Asia and Australia.

We work every day to grow and amaze by carrying out the craft skills and the quality of Made in Italy

The privilege of being located in the cradle of design, guarantees each and every one of Idolight's creations a constant fusion of vintage beauty and innovative creativity

Idolight is constantly focused on excellence: from the conception of a new product and the study and application of a new technology to the wellbeing of its workforce and the respect for its customers. Creativity, research and innovation are the cornerstones of our business philosophy.

Design, creativity and research
Making way for ideas through brand new solutions requires a constant research effort

At Idolight it is important to observe, to understand market changing needs, trends and technologies and to study the best contemporary design, architecture and art models. This enables the company to create innovative and unique products. Our design office works with passion and deals on a daily basis with the market and with unique requirements of every customer, in order to create products and decorative solutions inline with expectations.

Ideas turn into results

Starting from the technical drawing, a 3D digital model is created. This model reflects its real counterpart in materials and dimensions

The design team of Idolight is a real asset, able to support the customer, working alongside him to achieve the desired results. A team of artists, designers and engineers works together to create beautiful, well refined and carefully designed products.

Not only Design

The uniqueness of Idolight's products is not limited to the high-quality design. Italian design is combined with the production of classical and LED/RGB light chains made with the latest technologies, in order to realize decorations able to attract the attention and to stand out for originality, durability and convenience. The range of Idolight products for professional use consists of three voltages: 12-24-36V, 120V and 230V (IP67).

Our Values

Social Responsibility

Idolight believes in a sustainable, transparent and stimulating development, able to include in its corporate path the most diversified stakeholders.

Environmental Responsibility

Idolight is committed to environmental protection at every level of its structure, helping to solve global sustainability challenges so as to protect our environment today and in the future.

Corporate Compliance

Idolight conducts its business responsibly and in compliance with the laws and regulations of all the countries where it operates. The company does not tolerate illegal and unethical behaviors. It has established binding company guidelines that require all its managers and employees worldwide to behave ethically and in conformity with the law.

Code of Conduct for Suppliers

Idolight works with a multitude of suppliers, to whom it requires to operate in compliance with the fundamental values on human rights and environmental sustainability. Idolight does not tolerate a violation of those basic values.

Business Policies

Idolight recognizes its obligation to assist existing and emerging companies in their business efforts, in order to create a network relationship able to make everyone more competitive.

Diversity Statement

Diversity and inclusion are fundamental values for Idolight. Sex, origin and age heterogeneity of our managers and employees is the first and more indicative sign of our approach. Idolight is daily committed to the creation of a diverse and inclusive workplace, in which all individuals are treated with dignity and respect. The company promotes a fair and open access to career opportunities.

Close Cooperation

Idolight pride themselves in providing quick responses and solutions for all customers from the first contact, thanks to the close collaboration we have with our suppliers and an integrated network of international corporations.

Our lights actively transform urban and commercial areas with a magical atmosphere

Web Services

Idolight launches the brand new company web platform, a real work tool where it is possible to purchase products and stay informed about all the news, initiatives and promotions.

Thanks to an advanced area for customers' account, it is possible to exchange information and files directly with the Design Office through the Work Together area, to check orders made via E-Commerce and have direct access to the invoices and transport documents in a dedicated area.

e-Commerce

Log in to the Idolight e-commerce, the system automatically recognizes and attributes your business conditions and gives you access to promotional activities for online purchases.

A complete system that allows you to make your purchases at any time from PC, Tablet and Smartphone.

Tree Configurator

Choose, select and get the list of products and accessories needed for the lighting decoration of real trees. You can select the type of tree to decorate, the preferred decoration style, the size of the tree, the color of the LED lights.

The choices made generate a complete list of all the products and accessories necessary for the realization of your project.

e-Tabloid

Use the new e-Tabloid advanced search app, access the service from the Idolight website, perform your search and generate a pdf file of the created list complete with data, prices and availability. The system offers an overview of all new, pre-sale, show-room and reconditioned products available.

e-Switch

Through the Idolight e-Switch control units it is possible to monitor, program and manage the switch-on of your projects remotely on PC, Tablet and Smartphone. From the office, from home or on holiday, remotely control the operation of your installations, whether they are single products or complete lighting projects.

News & Promo

Subscribe to the Idolight Newsletter program to stay updated on all the latest news and promotions.

Work Together

Access the Work Together service, a reserved digital environment to share, develop and enrich your projects directly with the Idolight Design Team.

Documents

Consult and download all documents within the reserved area, orders, invoices, delivery notes and quotations always available in a few clicks.

e-Tabloid

A useful, fast and intuitive application to consult and choose the ideal products for your projects

The screenshot shows the e-Tabloid software interface. At the top, there are five filter buttons: Discount Price, Showroom Price, Qty, Preowned Price, and Presale Price, each with a quantity input field. Below these are two tabs: 'New Motifs' and 'Motif Details'. The main area displays a grid of products with columns for Item Number, Item Name, Length, Height, Depth, Technology, Voltage, and various price and discount details. A specific product, 'Jazzy Ski 300', is highlighted with a larger view below it, showing its dimensions (240.00 cm x 300.00 cm x 150.00 cm), technology (Static LED, 24V), and a detailed price breakdown.

Through the e-Tabloid system it is possible to view in real time:
 • All New LED Motifs
 • All Presale LED Motifs
 • All Show-Room LED Motifs
 • All Preowned LED Motifs

This screenshot shows a detailed product view for 'Jazzy Ski 300'. It includes a large image of the snowman motif, its dimensions (240.00 cm x 300.00 cm x 150.00 cm), technology (Static LED, 24V), and a detailed price breakdown. At the bottom right, there is a 'Generate PDF' button with an arrow pointing to it.

The e-Tabloid app allows you to view in real time all the products of the Idolight offer to create lists of interest in a simple and exhaustive way thanks to the use of specific filters, including: Applications, Type of decoration, Collections, Dimensions.

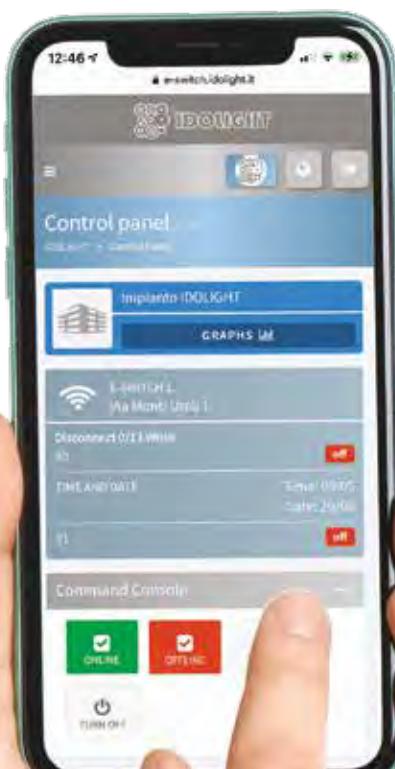

You can use the filters individually or select multiple filters simultaneously and display in real time all the results of the search directly on screen or by generating a pdf of the selected list.

Ideas
become
results

e-Switch

A unique system for remote management of all your installations, from the simplest to the most complex

- Access the e-Switch.Idolight.it cloud service via Smartphone, Tablet or PC
- Create your own switch-on points
- Manage projects in real time or schedule switch-on in a pre-set online calendar
- Enable other Users and Customers to manage one or more installations

Upcycled

Unique solutions to stand out and create value in an ethical and eco-sustainable way

Upcycled by Idolight is an exclusive collection of festive decorations, designed with materials and objects at the end of life and intended to become waste. The Upcycled by Idolight collection includes several unique decorations, colorful, original and of great aesthetic impact oriented towards sustainability and the reduction of environmental impact.

Upcycled by Idolight decorations are designed and made with finishes and details characteristic of the brand. Each decoration is absolutely unique and entirely hand-finished. Redesigned through the typical Idolight's standards, the life of objects and materials used in the past is prolonged and renewed, thus enhancing and embellishing the magical moments of those who will appreciate them in the future

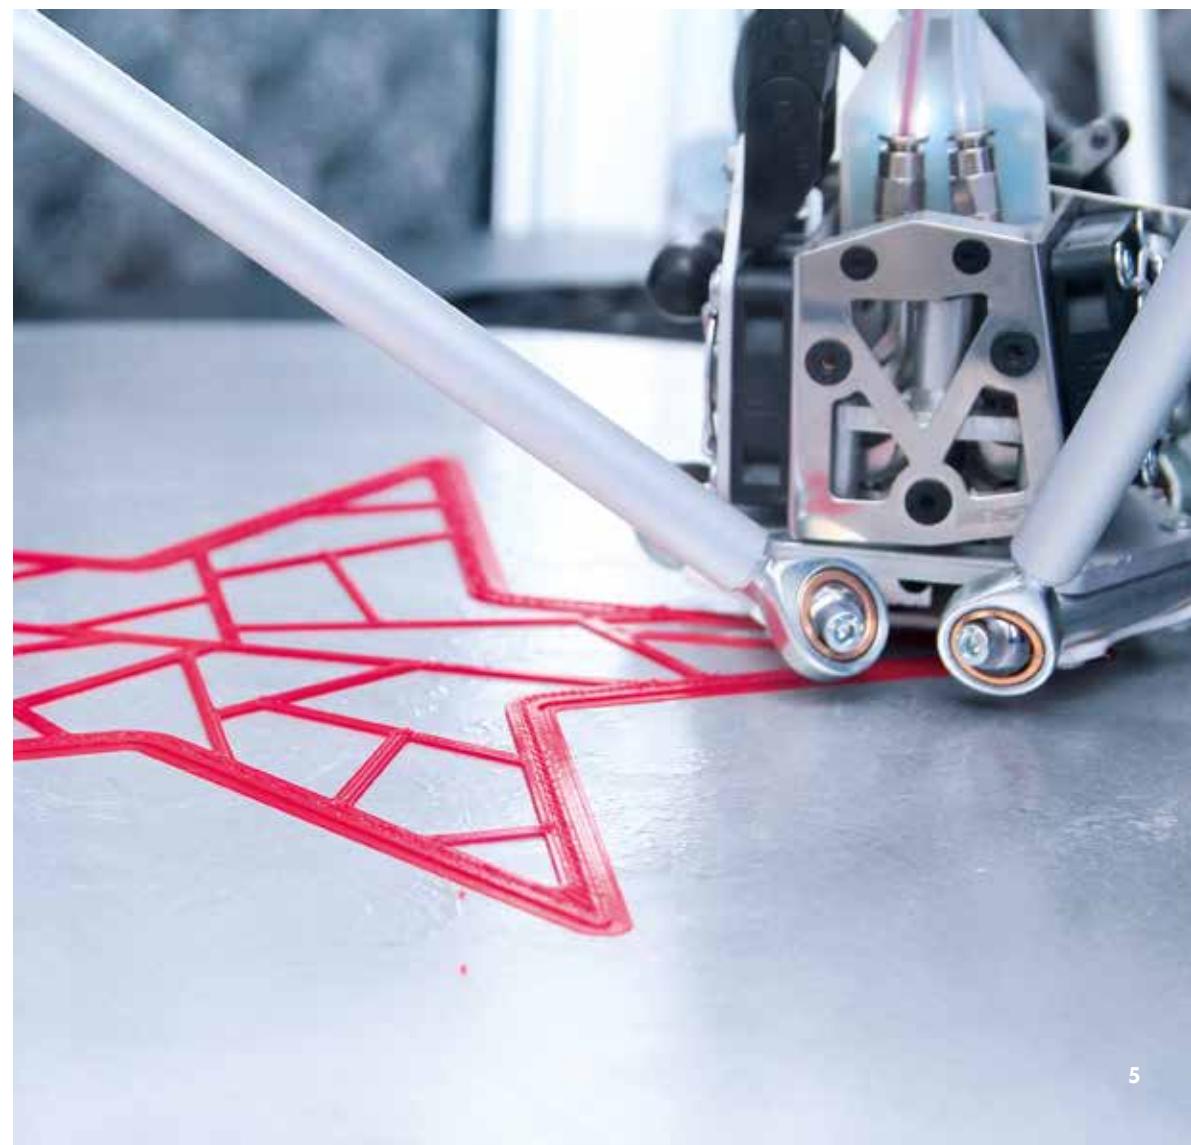

Printed

Imagine your personalized decoration. We'll produce it Tailored to your needs

With **3D Printing**, **Idolight** provides its customers an additional and innovative tool to shape completely new ideas.

Whether it is a logo inserted in a decoration or a customized product, your projects can be enriched with unique details. **A new opportunity to stand out.**

LED_PRO

Safety & Power First

It's Idolight's most memorable and developed range of professional products: specifically conceived to improve the realization of light decorative stagings, it's composed of a wide and deep range of products and accessories, essential to achieve the satisfaction of the most varied and demanding needs.

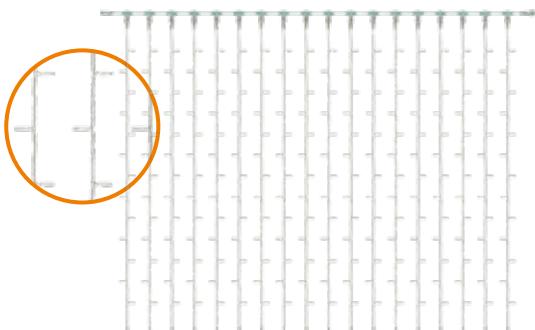

LED STRINGS

The basic, simplest and more ductile decoration offered by Idolight. This product is at the bottom of every linear lighting decoration.

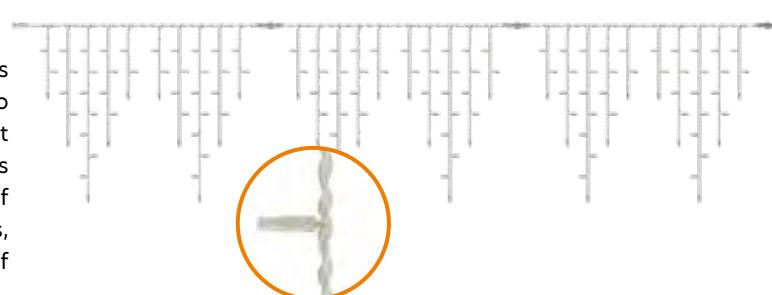

LED CURTAINS

Available in heights: 1,5 / 3 / 5 / 7 meters. Suitable for large-scale decoration, ideal for shopping centres and buildings facades.

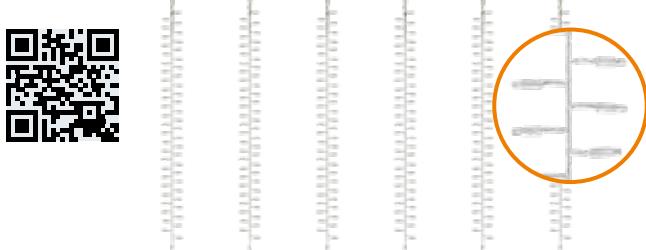

LED ICICLE

One of the most flexible products Idolight makes available to its customers. The different measures and technologies offered fit both decoration of terraces, fences, porches, lofts, galleries, and decoration of streets and avenues.

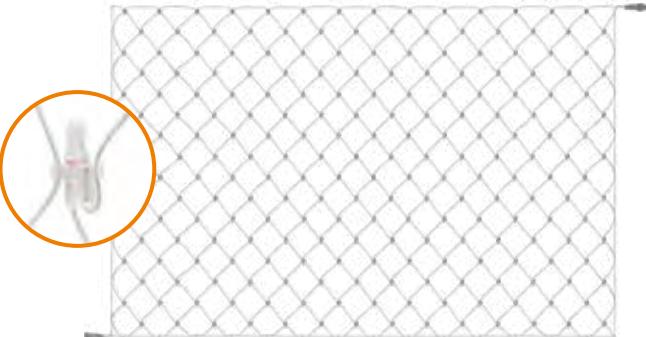

LED FALLING STAR

Light chain with asynchronous speed of descents. Each descent is managed by a specific controller and works independently. The light fall effect is unique and exclusive.

LED NET

Idolight Net Light guarantees a higher yield compared with single LED models. These nets are ideal for gardens, trees and bushes.

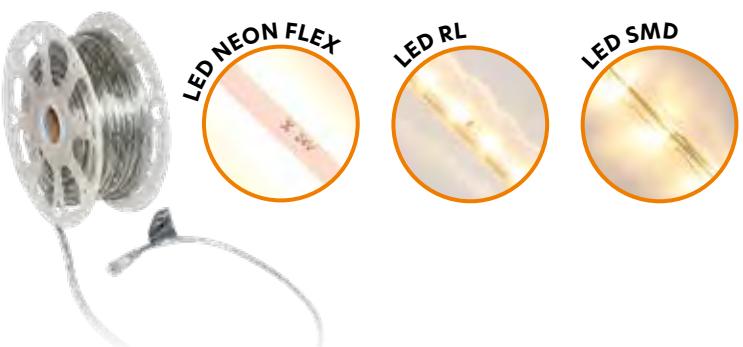

LED LAMPS

Innovation in traditional decoration with LED lamps. Lamps with E14, E27, B22 base, built with fixed LED Light technology, flashing effect and RGB.

LED ROPE LIGHT

Always at the forefront in terms of quality and safety, Idolight LED Rope light reels are made of selfextinguishing PVC, for professional use, suitable for both indoor and outdoor use.

Power and Safety First

Take advantage of

products to plan solutions
beyond any imagination

COLOR-X is an innovative system of Pixel Controlled RGB LED Products. Pixel Controlled technology allows the planning and playing of desired effects, such as **animations or video-messages**. All of the **COLOR-X** products share the same Pixel Controlled technology and are therefore controllable under the same Controller, giving the chance of creating integrated multimedia projects.

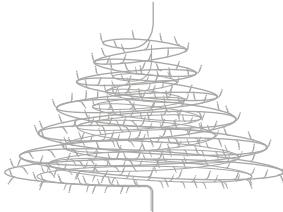

SMART RGB STRINGS

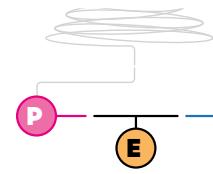

It reproduces digital animations and video messaging.
Make your decoration always new by varying the contents.

SMART RGB Strings represent the evolution of the traditional LED strings. They can be installed in the shape of "curtain" or in linear format and allow the creation of active and time-varying animations and video-messaging. Having the same format as the traditional LED strings, they allow the realization of color-changing lighting decorations. Pixels are controllable through SD memory card or LIVE, directly from your PC or console.

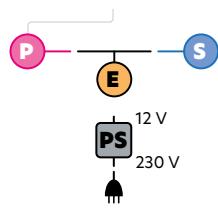

**Easy to install...
Amazing to watch!**

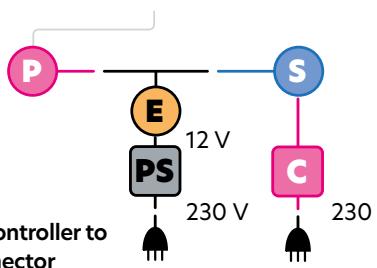

Place the SMART RGB Strings
as you wish

Install the Power T connectors
every 20m of string

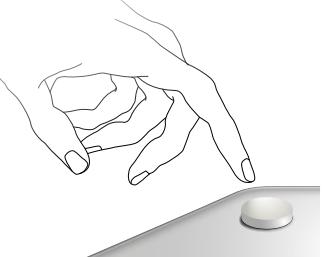

Connect the power supply
output to the T connector

Link the controller to
the T connector

Once you are
done with the
connections, use
the Mode button
on the controller
to select one of
the many preset
functions.

P Connection to the product

S Connection to the controller

E Connection to the power supply

PS Power supply

M Connection to the mains

C Controller

RGB BAR

RGB Bar gives you the possibility to create a new way of decorating with an **infinite range of effects** and colors.

RGB BAR is a rigid LED tube, 20mm diameter, with LEDs positioned on both sides, enclosed in a shockproof transparent bar. RGB Bar can be controlled with a SD memory card or LIVE, directly from your PC.

RGB BAUBLE

RGB Bauble **360° light emission**, resistant to water, dust and UV light.

RGB baubles: 10 cm diameter spheres made of white, satin, translucent and shockproof polycarbonate. They are equipped with No. 6 RGB LEDs, controllable through SD memory card or LIVE, directly from your PC.

RGB STRIP

RGB STRIP, flexible LED Strip with silicon cover to ensure maximum water resistance.

Equipped with no. 60 SMD LED/m, each pixel is individually controllable via SD card or directly from your PC.
